

BRITISH TRANSPLANTATION SOCIETY MEETING

12th January, 1973

Medical School, Birmingham 15.

- 10.00 a.m. Coffee
- 10.30 a.m. Three unfractionated bone marrow grafts - Anne Cordon, M. Yamamura, R.C.F. Newton, D.C.O. James, J.G. Humble, Diana Adams, Jill Ross, L.J. Butler, J.R. Hobbs, I. Anderson, Cynthia Gabriel, J.S. Fitzsimmons, London.
- 10.45 a.m. Untreated prolonged kidney graft survival - the importance of an early immune reaction - D.C. Dunn, R.Y. Calne, Cambridge.
- 11.00 a.m. Reduction of warm ischaemic damage to rat kidneys by Heparin, Phenoxybenzamine, Chlorpromazine and Frusemide - R.O. Quin, K.C. Calman, S.G. MacPherson, R.F.M. Wood and P.R.F. Bell, Glasgow.
- 11.15 a.m. Urinary FDP excretion by cadaveric human kidney transplants - C.L. Hall, R.W. Thomson, E.H.B. Robinson, P. Dawson-Edwards, A.D. Barnes, J.D. Blainey, Birmingham.
- 11.30 a.m. Use of the macrophage electrophoretic migration (MEM) test in kidney transplantation - B.K. Shenton, E.J. Field, J. Swinney, P.R. Uldall - Newcastle-upon-Tyne.
- 11.45 a.m. In vitro macrophage migration inhibition in skin allografted monkeys - R.P. Grimley, A.D. Barnes, Birmingham.
- 12.00 p.m. Diagnostic ultrasound in renal transplantation - J.D. Briggs, P.R.F. Bell, Patricia Morley, Glasgow.
- 12.15 p.m. Late urinary tract infection after renal transplantation - R.J. Hamshere, G.D. Chisholm, Professor R. Shackman, London.
- 12.30 p.m. Lunch
- 2.00 p.m. Symposium on Hepatitis:
1. Dr. T. H. Flewett - Opportunistic findings in immunosuppressed patients
 2. Dr. Sheila Polokoff - Epidemiology of hepatitis in renal dialysis units
 3. Dr. E.J. Wills - Fine structure of the liver in hepatitis
 4. Discussion
- 3.45 p.m. Tea
- 4.15 p.m. The effect of antibody on cardiac allograft survival in the mouse - J. Bradley, R.A. Sells, Liverpool.
- 4.30 p.m. An in vivo assay for the immunocompetence of human lymphocytes - Jennifer A. Rees, M.O. Symes, Bristol.
- 4.45 p.m. Intestinal transplantation in the rat with cannulation and external drainage of the transplanted intestinal lymphatic duct: preliminary results - O. Pettirossi, M.Di Pietrantonio, M. Cherubini, Italy.
