

CALL FOR PAPERS

ANNUAL CONGRESS 2022
2-4 MARCH, ICC BELFAST

We are delighted to announce that The British Transplantation Society Annual Congress will take place from the **2nd to the 4th of March 2022** at the ICC, Belfast, Northern Ireland.

The aim of the Congress is to unite clinicians, surgeons, laboratory scientists, nurses, transplant coordinators and all those interested in all aspects of organ transplantation and donation.

We are putting together an exciting and stimulating programme, which we hope will appeal to everyone, combining expert clinical updates with the latest in laboratory science. The three day meeting will attract around 400 delegates, and a virtual international audience with an interest in all areas of transplantation and donation.

It is with this in mind that the Organising Committee seeks the submission of original, unpublished papers for consideration as **live oral (podium), pre recorded oral or electronic poster presentations**. Abstracts will be reviewed by the conference scientific committee and will be selected based on set criteria.
