

JOINT CONGRESS 2025

Nurturing Interdependency

The Brighton Centre, Brighton | Wednesday 12 - Friday 14 March

11 March - Pre-Congress: Nursing and AHP Masterclass | Post-Graduate Masterclass

PROGRAMME CONTENT

ITEM	PAGE NUMBER
Programme Content and Key	2
Tuesday 11 March	3
Wednesday 12 March	4 - 6
Thursday 13 March	7 - 11
Friday 14 March	12 - 14
Moderated Poster Presentations Wednesday 12 March	15
Moderated Poster Presentations Thursday 13 March	16 - 17

Programme Key		
Item	Location	Food & Beverage

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

TUESDAY 11 MARCH | DoubleTree by Hilton Brighton Metropole

TIME	SESSION/LOCATION	
	DoubleTree by Hilton Brighton Metropole	
13:30	Registration	
	Post Graduate Masterclass	Nursing & AHP Masterclass
	Buckingham	Balmoral
13:30 – 14:00	Registration and welcome	Registration and welcome
14:00-16:00	<p>Welcome and Introduction 14:05 - Complex Transplant Listing</p> <p>A challenging paediatric case transitioning to adult care - A challenging anaesthetic case – <i>Vanessa Tucker</i> A challenging transitioning liver case – <i>Victoria Kronsten</i></p>	<p>14:00 - Author of “The Story of a Heart” The journey of Keira’s heart that was transplanted into Max, resulting in Max and Keira’s law. – <i>Dr Rachel Clarke</i></p> <p>15:00 – Panel Discussion: A selection of people who were interviewed by Dr Clarke <i>Panellists: Sarah Crosby, Clair Ellis, Pradeep Kaul</i></p>
15:45 – 16:30	Refreshment break	
16:30-18:30	<p>The London Collaborative – <i>Gareth Jones</i> Cox-net – <i>Sanjay Sinha</i> The UK Liver Transplant Collective – <i>Abdul Hakeem</i> Research collaboratives</p>	<p>16:30 - Resilience and stress response – <i>Julianne Briones</i></p> <p>17:30 - The Professional Nurse Advocate Role - <i>Charlee Lystor & Laura Owen</i></p>

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

These meetings have been sponsored by Chiesi Limited with funding contributing towards stand space and room hire only and have had no input into the educational content of the meeting except where stated. Chiesi representatives will be present throughout the meeting.

18:00

Drinks reception

WEDNESDAY 12 MARCH | The Brighton Centre

TIME	SESSION/LOCATION
09:15	Registration, refreshments - Exhibition Hall (auditorium 1)
	Auditorium 2
10:00	Welcome – <i>Krish Menon & Derek Manas</i>
10:15-12:15	<i>Chair: Richard Baker & Tom Billyard</i> Opening Session – New Frontiers in Donation and Transplantation Innovation in donation: The Spanish experience – <i>Beatriz Dominguez-Gill</i> How will Artificial Intelligence be used in transplantation over the next decade – <i>Ellie Asgari</i> Pitch at the Pier <i>What would you do with a golden ticket?</i> Donation: <i>Dale Gardiner</i> , Liver Transplantations: <i>David Nasralla</i> , Renal Transplantation: <i>Aisling Courtney</i> , Cardiothoracic: <i>Jas Parmar</i> Panel discussion: <i>Anthony Clarkson, Elijah Ablorsu, Beatriz Dominguez-Gill, Hilary Patel, Louise Kenny</i>
12:15-12:50	BTS Annual General Meeting (Members only)
12:15-13:25	Lunch in Exhibition Hall

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

	Auditorium 2		
13:30	Industry sponsored symposium 		
	Auditorium 2	Syndicate 1&2	Syndicate 3
14:20-15.30	What do Transplant Recipients/ Patients want? <i>Chairs: Jessica Jones & Carrie Scuffell</i> <i>Steve Jones</i> <i>Daniel Yates</i> <i>Hilary Patel</i> <i>Tamsin Courtenay</i> Panel: <i>Adnan Sharif, Vicky Gerovasili, Ali Smith, Niloufar Safinia, Zoey Malpus,</i>	7 of the best O01: Hypothermic Oxygenated Perfusion Ex-situ (HOPE) for preservation and restoration of the small child donor heart. Early experience with HOPE in children demonstrates that the long-awaited solution for paediatric DCD cardiac transplantation is finally here – Louise Kenny O02: The use of prone ventilation as part of an organ donor optimisation strategy to facilitate lung retrieval and transplantation following the diagnosis of death using neurological criteria – Sherena Jackson O03: Functional Warm ischemic Time in DCD Heart Transplantation: Definitions and outcomes in a 9-year single centre experience – Taimoor Khan	SCORE: A New Hope <i>Moderators: Ian Currie, Phil Walton, Sarah Beale</i> Sustainability and Certainty in Organ Retrieval (SCORE) bringing efficiency across the interdependent pathway – <i>Sarah Beale, Ian Currie and Phil Walton</i> <i>Panel: Dale Gardiner, Julie Whitney, Elijah Ablorsu</i>

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

		<p>O04: Development of an efficient dialysis paradigm for use during ex-situ isolated organ perfusion: a pilot study – <i>Alex Sagar</i></p> <p>O05: Outcomes of organs transplanted via the UK Kidney Fast-Track Scheme: an updated analysis – <i>Matthew Robb</i></p> <p>O06: Implementation of a Potential Donor Audit (PDA) tool in NHSBT funded Eye Retrieval Schemes (ERS) – <i>Clare Denison</i></p> <p>O07: Understanding why parents say yes or no to organ donation when their child dies: a mixed-methods study – <i>Leah Mclaughlin</i></p>	
15:30-16:15	<p>Mini-oral Poster presentations <i>Moderators: Sapna Shah & Chris Callaghan</i></p> <p>Pancreas and kidney MP001-MP008</p>	<p>Mini-oral Poster presentations <i>Moderators: Hussein Khambalia &</i></p> <p>Sustainability and education MP009-MP016</p>	<p>Mini-oral Poster presentations <i>Moderators: Maria Kaisar & Rommel Ravanan</i></p> <p>Science MP017-MP024</p>
16:15	Refreshments		
	Auditorium 2		
17:00-17:40	<p>Special Plenary Celebrating Donation and Transplantation <i>Chairs: Lisa Burnapp & Anthony Clarkson</i></p> <p>30-year Circle of Life</p>		
	Auditorium 2		
17:40-18:25	<p>BTS NHSBT Awards <i>MC: Dale Gardiner</i></p>		

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

	<i>Hosts: Jo Farrar, Peter Wyman, Richard Baker and Krish Menon</i>
	Exhibition Hall
18:30-19:30	Exhibition drinks
18:30-20:00	Skyline Donation Celebration Sky Lounge (invited guests)

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

THURSDAY 13 MARCH | The Brighton Centre

TIME	SESSION/LOCATION			
	Auditorium 2	Syndicate 1&2	Syndicate 3	Syndicate 4
08:30-09:45	<p>Patient Safety - How good are we at learning?</p> <p>Patient Safety in the NHS – What have we learnt? – Kirsty McNally</p> <p>Debate: this house believes the retrieval process should stay completely independent of the end of life <i>Ian Thomas</i> <i>Ian Currie</i></p> <p>Confirmation of Death – Responsibilities – Olive McGowan</p> <p>Learning Better – Systems-Thinking – Jeanette Foley</p>	<p>Calne Williams Medal presentations <i>The Calne-Williams Medal was introduced in 2016 by Professor Krishna Menon. The award was named as such, to recognise the two giants in liver transplantation Professor Sir Roy Calne and Professor Roger Williams.</i></p> <p>CW1: The impact of D-HOPE and HOPE on biliary complications: a systematic review and meta-analysis – George Clarke</p> <p>CW2: Outcomes following liver transplantation in obese recipients in the UK – a study over four decades – Mehreen Khan-Bhattani</p> <p>CW3: Outcomes of UK Liver Transplant National Appeals Panel: A Retrospective Study – Sahil Gupta</p> <p>CW4: RONO resection for perihilar cholangiocarcinoma offers survival similar to transplantation: A multicentre pan-European study - Buddhika Uragoda</p> <p>CW5: Histidine-tryptophan-ketoglutarate (HTK) is associated with</p>	<p>Free Communications</p> <p>O08: The impact of donation after circulatory death (DCD) donation on kidney allograft survival is influenced by donor race: An UNOS registry analysis – Afolarin Otunla</p> <p>O09: “Like a bolt out of the blue” Experiences of kidney transplant failure: findings from the IN-FAKT study – Bonnie Venter</p> <p>O10: Donor time to death and kidney transplant outcomes; global implications for DCD stand-down times – Samuel Tingle</p> <p>O11: Evolution of Racial Equity in UK Kidney Transplantation: A Two-Decade Analysis of Access, Survival, and Outcomes (COBIT-UK Study) – Zaid Al-Ameidy</p> <p>O12: Developing risk adjusted consent rate funnel plots for comparison between regional organ donation teams across the UK – Sue Madden</p> <p>O13: 10-year analysis of the impact of normothermic regional perfusion in</p>	<p>H&I <i>Session organisers: Arthi Anand & Sunil Daga</i></p> <p>Debate: this house believes that technological advances in H&I have disadvantaged sensitised patients <i>For: Nicholas Torpey</i> <i>Against: Robert Liwski</i></p> <p>O15: HLA-ASSESS: A Prognostic Alloimmunity Risk Stratification Algorithm to Improve Deceased-Donor Kidney Allocation and Access to Transplantation for Ethnic Minority Groups – Jon Jim Kim</p> <p>What good looks like MDT Delisting and MDT success in HSP through KAS – Adrienne Seitz Delisting and MDT working KSS – Deborah Pritchard</p> <p>Panel discussion</p>

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

		<p>higher post-reperfusion syndrome in deceased donor liver transplantation: Time for a global rethink? – Sahil Gupta</p> <p>CW6: Reducing disparities in liver transplantation wait times: Investigating the role of weight capping for heavier recipients – Jinghuai Tan</p> <p>Assessing the impact of Normothermic Machine Perfusion on Liver Utilisation in the UK – the Perfused Liver Utilisation Study (PLUS) – <i>Simon Knight</i></p>	<p>simultaneous pancreas and kidney transplant – Ruth Owen</p> <p>O14: Promoting positive conversations about organ donation and supporting knowledge mobilisation in NHS Staff: a hashtag “#” series of projects – Natalie Clark</p>	
09:45	Refreshments in Exhibition Hall			
	Auditorium 2		Syndicate 1&2	
10:30-12:30	<p>Medawar Medal presentations <i>In recognition of Peter Medawar the “father” of transplantation immunology, and founding Society chairman, the Society awards two prestigious medals at each Annual Congress to the young doctors/scientists presenting the best clinical and scientific papers.</i></p> <p>M1: Transcriptomic signatures associated with prolonged delayed graft function in human kidneys undergoing ex vivo machine perfusion – Harry Spiers</p> <p>M2: Cold Ischemia Time Alone Does Not Affect Graft Outcomes: A Big Data Analysis of UK Kidney Transplant Registry - CITGO Study – Zaid Al-Ameidy</p> <p>M3: Gene therapy in an explanted patient liver perfused ex situ for 9 days – Teresa Brevini</p> <p>M4: Preventing recurrent UTIs in Kidney Transplant Recipients through vaccination: A pilot study and proposal for a national trial – Emma-Louise Kent</p>		<p>Nurturing Interdependency to meet the need in Tissue Transplantation <i>Session organiser: Jackie Brander & Kyle Bennett</i></p> <p>The benefits of corneal transplantation and future developments</p> <p>How early engagement at the point of referral can maximise opportunities for Tissue Donation – <i>Kristie Johnston</i></p> <p>Development of Rectus Fascia Sheath as a novel allograft – <i>Richard Lomas</i></p>	
			<p>Judicial Collaboration – Agreement for Donation <i>Session organiser: Becky Clarke</i></p>	

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

	<p>M5: FLT3 Ligand is a Novel Marker of Subsequent HCMV Viraemia and Viral Control Post Kidney Transplantation – Farah Latif</p> <p>M6: Willing to Donate? A quantitative and thematic analysis of public attitudes to deceased organ donation in different circumstances – Weiyi Tan</p> <p>M7: Getting a sense of sensitisation: interferon gamma (IFNγ) and interleukin 17 (IL17-A) antigen specific T cell responses distinguish between sensitisation following renal transplantation compared to pregnancy – Sumoyee Basu</p> <p>M8: Does a Subcutaneous Wound Drain in High-BMI Kidney Transplant Recipients Reduce the Risk of Surgical Site Infections? Results from TWIST Trial, a Trainee-led, Multicentre Randomised Controlled Trial – Ahmed Radwan</p>		Case presentation and panel discussion	
12:40-13:40	Lunch in Exhibition Hall			
	Auditorium 2	Syndicate 1&2	Syndicate 3	Syndicate 4
13:40-14:50	<p>Donation, Retrieval and Transplantation Academy <i>Session organisers: Ben Ivory and Cathy Miller, Louise Hubner</i></p> <p>Introduction – Olive McGowan</p> <p>Collaboration between NHSBT and NUN: what have we achieved? Alan Platt</p> <p>How Medical Education in Donation is Evolving – Ben Ivory</p> <p>Research outcomes: What educators need to know about striving for more inclusive education by addressing the</p>	<p>Histopathology Biopsy-based Transcriptomics for Transplant Diagnosis – Are we ready for clinical implementation? <i>Chairs: Desley Neil & Anna Paterson</i></p> <p>Introduction to Biopsy-based RNA measurements for clinical purposes in Transplant Biopsies (cross-organ) Chris Bellamy</p> <p>Debate: Molecular testing for transplant organ diagnosis For: Candice Roufosse Against: Jean-Paul Duong-Van-Huyen</p>	<p>Best Practice – Liver <i>Chairs: Doug Thorburn & Shahid Farid</i></p> <p>Late declines of deceased donor livers – Rhiannon Taylor</p> <p>O17: Patients registered for Liver Transplantation in England: how have socio-demographics changed over the years – Ji Jade King</p> <p>Liver transplant collaboratives – Presentations from 3 regional collaboratives</p>	<p>Paediatrics <i>Session Chairs: Chris Callaghan & Hannah Bartlett-Syree</i></p> <p>Update on Paediatric Organ and Tissue Donation in the UK – Omer Aziz & Sarah Jane Plant</p> <p>O18: Causes of death among children and young people following kidney transplantation – Stefano Artuso</p> <p>Paediatric Transplant Nephrology training and horizon scanning – Ihab Shaheen</p>

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

	<p>learning needs of neurodiverse students – A master’s level study – <i>Sue Lee</i></p> <p>Max and Keira’s Legacy: Evaluating the 2019 Deemed Consent Act’s Impact on Specialist Nurse Education Programme – <i>Cathy Miller</i></p> <p>Panel discussion</p>	<p>Panel and audience discussion: Molecular testing for transplant organ diagnosis <i>Desley Neil, Anna Paterson</i></p> <p>O16: Using spatial transcriptomics to assess molecular features of retrieval biopsies – <i>James McCaffrey</i></p>	<p>Round table discussion <i>Regional chairs, Gareth Jones, Varuna Aluvihare</i></p>	<p>Paediatric Kidney Transplant Surgeon Training – <i>Martin Drage</i></p> <p>Panel discussion <i>Helen Jones, Derek Manas, Omar Masood, Martin Drage, Martin Christian</i></p>
Auditorium 2				
14:55-15:40	<p>Industry sponsored symposium Pharmapal</p> <div style="text-align: right;">  </div>			
15:40	Refreshments in Exhibition Hall			
	Auditorium 2	Syndicate 1&2	Syndicate 3	Syndicate 4
16:20	<p>Mini-oral Poster presentations <i>Moderators: Lucy Dames &</i></p> <p>Donation and preservation MP025 – MP030</p>	<p>Mini-oral Poster presentations <i>Moderators: Cat Boffa &</i></p> <p>Education MP031 – MP036</p>	<p>Mini-oral Poster presentations <i>Moderators: Michael Ramage &</i></p> <p>Psycho-social MP037 – MP042</p>	<p>Mini-oral Poster presentations <i>Moderators: Marius Berman &</i></p> <p>Cardio-thoracic/Tissue MP043 – MP048</p>
Auditorium 2				
17:00	<p>NHSBT Statistics in transplantation and donation</p> <p>Overview of Organ Donation and Transplantation – <i>Lisa Mumford</i> Overview of activity, with highlights of collaborations between clinicians and statisticians Updates in Organ Utilisation – <i>Jenny Mehew</i></p>			

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

	<p>Sharing utilisation data with the community to provide evidence for change</p> <p>Innovations in Organ Retrieval – <i>Rachel Hogg</i></p> <p>Topics to include Organ Damage CUSUMS, Perfusion Fluid analysis, NRP and SCORE</p> <p>Harnessing AI with Statistical Insights – <i>Matthew Robb</i></p> <p>Benefits and limitations with AI, and current applications</p> <p>Clinical Trials in Organ Donation and Transplantation – <i>Helen Thomas</i></p> <p>Benefits of collaboration between clinical community and the Clinical Trials Unit</p>
17:55	<p>Sexual misconduct in the NHS Workplace</p> <p><i>Session organisers: Adnan Sharif & Winnie Andango</i></p> <p>What NHS workforce data tells us about sexual violence – <i>Homa Arshad</i></p>
18:25	Close
19:45	<p>Gala Dinner</p> <p>The BTS Hilton Hoedown</p> <p>Doubletree Hilton</p>

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

FRIDAY 14 MARCH | The Brighton Centre

	Auditorium 2	Syndicate 1&2	Syndicate 3
08:30-09:45	<p>Nurturing Interdependency <i>Chairs: Lisa Burnapp & Andrew Fisher</i></p> <p>Donation to retrieval – Tom Billyard Organ offering – Julie Whitney Implantation – Andrew Fisher</p> <p>Panel: Donna Allen, Helen Tyler, Angela Losekann, Nicholas Inston, Hannah Griffin</p>	<p>Science and Innovation <i>Chairs: Arthi Anand & Maria Kaisar</i></p> <p>O19: Clazakizumab treatment effects on kidney transcriptomes in chronic ABMR – Roy Zhang</p> <p>O20: Impact of pre-existing HLA specific antibodies on liver transplant outcomes following traditional cold storage (CS) and normothermic machine perfusion (NMP) – Graham Knighton</p> <p>O21: Identifying Key Time Points for monitoring of DSA in Predicting Dynamics following HLAi kidney transplantation – Sunil Daga</p> <p>O22: Novel assessment of HLA antibody pathogenicity in transplantation: measuring FcR11a engagement – Miriam Manook</p> <p>O23: A two-centre randomised controlled trial to determine the optimum dose and route of alteplase and fresh frozen plasma for fibrinolysis during normothermic machine perfusion of the liver – Chris Watson</p> <p>O24: Contrast-enhanced ultrasound to assess kidney quality during ex situ normothermic machine perfusion – Samuel Tingle</p> <p>O25: The DONAIT Study: Developing a Novel AI based “Donor Assessment & Identification Tool” to Improve Corneal Donation – Anna Fairclough</p>	<p>Understanding the Complexity of Multi-Organ Retrieval: Real-World Challenges and Their Impact on Transplant Outcomes <i>Chairs: Rebeca Mateos & Elijah Ablorsu</i></p> <p>Cardiothoracic Representative – Pradeep Kaul Abdominal Representative – Carlos Ceresa</p> <p>O27: Artificial intelligence enabled identification and delineation of abdominal organs from retrieval photographs using deep machine learning - Georgios Kourounis</p> <p>O28: Computational Blood Flow Modelling in Normothermic Regional Perfusion – Ian Currie</p>

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

		O26: Subnormothermic acellular machine perfusion for prolonged preservation of human kidneys – <i>Sara Deffrennes</i>	
09:45	Coffee stop		
	Auditorium 2		
10:15-11:00	Industry sponsored symposium Takeda UK Limited		
	Auditorium 2	Syndicate 1&2	Syndicate 3
11:00-12:15	<p>Viral treatment masterclass (joint with SOPTA)</p> <p>Moderators: <i>Rachel Hilton, Andrea Devaney, Haifa Lyster, Alison Rowley</i></p> <p>Newer strategies towards better outcomes in HIV+ kidney transplantation – <i>Frank Post</i></p> <p>HCV+ deceased organ donation – overcoming the barriers – <i>Claire Kelly</i></p> <p>HHV-8 in sold organ transplantation – a state-of-the-art update – <i>Ines Ushiro-Lumb</i></p> <p>O29: The impact of recipient HIV status on post-kidney transplant outcomes – <i>Marena Gray</i></p>	<p>Meeting the Need- 2030 Strategy Update <i>Session organisers: Tom Billyard & Liz Middlehurst, Carrie Scuffell</i></p> <p>Strategy overview and welcome – <i>Ben Hume</i></p> <p>Recipient and Transplant Outcomes, ERAS in transplantation – <i>Carrie Scuffell</i></p> <p>Research and Innovation – <i>Emma Lawson</i></p> <p>Diversity and Inclusion – <i>Harpreet Matharu</i></p> <p>Increasing deceased donation <i>Pascale Withey, Nicky Matthews, Mark Haslam</i></p>	<p>Best Practice – Cardiothoracic Chairs: <i>Marius Berman, Antonio Robino and Andrew Fisher</i></p> <p>O30: Early graft dysfunction following heart transplantation – do DBD and DCD recipients have the same future? <i>Lu Wang</i></p> <p>Heart and lung block transplant – <i>Anne Olland, University Hospital Strasbourg</i></p> <p>Heart-Liver and Lung-liver: Candidate selection and surgical management - <i>Aaron Ranasinghe</i> Peri-operative and ITU management - <i>Kiran Solankey</i></p> <p>Challenges facing UK cardiothoracic transplantation Surgeons' perspective – <i>Marius Berman</i> Physicians' perspective – <i>Vicky Gerovasili</i></p>
12:15	Brunch in Exhibition Hall		

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

	Auditorium 2		
13:15-13:45	Donation after medical assistance in dying – the Canadian experience <i>Kim Wiebe</i>		
	Auditorium 2	Syndicate 1&2	Syndicate 3
13:50-15:05	<p>Best Practice – Kidney and Pancreas <i>Session organisers: Sapna Shah & Hussein Khambalia</i></p> <p>NHSBT Overview of Pancreas Transplantation – Claire Counter</p> <p>Debate - This house believes that recent advances in the treatment of diabetes will reduce the need for beta cell replacement therapies <i>For: Yee Seun Cheah</i> <i>Against: Rachel Thomas</i></p> <p>Duty to Report – the requirements - <i>Jessica Porter, Head of Regulation, Human Tissue Authority (HTA).</i></p> <p>O31: Socioeconomic Disparities in Kidney Transplant Outcomes: An Analysis of England and Northern Ireland (2000-2020) – Michael Corr</p>	<p>Ethics and Public Policy <i>Session Chairs: Michael Ramage & Sarah Mason</i></p> <p>Introduction – Ginny Quan</p> <p>MAiD: Where are we now? – Victoria Banwell</p> <p>Legal and ethical implications of organ donation after MAiD – David Shaw</p> <p>O32: Title tbc – Bonnie Venter</p> <p>Panel Discussion <i>Ginny Quan, Victoria Banwell, David Shaw, Jo Cox, Ian Thomas</i></p>	<p>Dragons Den <i>Session organisers: Farah Latiffe, Emily Thompson & Kaitlin Mayne, Cat Boffa, Caroline Wroe</i></p>
	Auditorium 2		

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

15:10-15:40	My life in transplantation and politics <i>Dr Zubir Ahmed, MP</i>
15:40-15:50	Closing remarks <i>Krish Menon & Derek Manas</i>

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

WEDNESDAY 12 MARCH 15:30

MODERATED POSTERS – MINI ORALS

Prog. No	Title	Presenting Author
MP001	Outcomes of simultaneous pancreas and kidney transplantation from older donors-the UK transplant registry analysis	Jeevan Gopal
MP002	Cancer risk in kidney transplant patients in Scotland: a national registry analysis	Ailish Nimmo
MP003	A simple test of walking speed at the time of kidney transplant preassessment predicts likelihood of positive cardiac investigations and activation on the waiting list	Pranav Satish
MP004	Predictors of kidney graft survival from donors with acute kidney injury (AKI): A retrospective NHSBT data analysis. Epidemiology in Transplant Study Group Initiative.	Umair Asad
MP005	Exploring the role of an implantable Doppler Probe as a blood flow-monitoring device in kidney transplant: A feasibility randomised controlled trial	Shahzar Malik
MP006	Enzymatic conversion of blood group O human kidneys to rare Bombay type	Serena MacMillan
MP007	The ASK Trial: an NIHR-funded hybrid effectiveness-implementation trial of a patient and family outreach service to improve Access to living-donor Kidney transplantation	Pippa Bailey
MP008	“No One wants to Rock the Boat” Perspectives on clinical trials in failing kidney transplants: findings from the IN-FAKT study	Pippa Bailey
MP009	Activity book for children whose family member are placed on transplant list	Jolanta Kwinta
MP010	Implementation of an educational initiative: web-based coaching for the approach conversation of organ and/or tissue donation.	Sarah Plant
MP011	The impact of Simulation-based learning on organ donation in a multispecialty setting	Roselinmary Benedictfelix

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

MP013	Distrust, Mistrust, and Misinformation: Barriers to Deceased Organ Donation in India	Britzer Paul Vincent
MP014	Establishing a Structured Training Program for Normothermic Regional Perfusion for the Perfusion Specialist in Cardiff	Al Croose
MP015	Clinical Leads for Organ Utilisation (CLUs): a UK survey to capture the successes, challenges and future direction for the CLU scheme	Carrie Scuffell
MP016	Modelling geography and travel time for optimising the location of potential Assessment Recovery Centres in liver transplantation	Gwilym Webb
MP017	Living Donation and Pre-emptive transplantation is more important than HLA matching in paediatric kidney transplantation: a 33-year Comparative OPTN study	Alicia Paessler
MP018	Generation of antigen-specific human regulatory B cell therapy to improve outcomes in transplantation	Adam McNee
MP019	Plasma proteome changes over the course of abdominal Normothermic Regional Perfusion (NRP) reveal decrease in complement activation and increase in cellular detoxification processes	Letizia Lo Faro
MP020	Effects of a novel RIPK1 kinase inhibitor delivered during static cold storage or hypothermic machine perfusion in porcine models of kidney ischaemia-reperfusion injury	Azita Mellati
MP021	Transplant Assessment and Relative Opportunity Tool (TAROT) readings – 2 Year Outcomes	Adrienne Seitz
MP022	Tumour-Necrosis Factor (TNF)- α in Deceased Kidney Donors is associated with poorer short- and long-Term Transplant Outcomes	Annie Mae Goncalves-Bullock
MP023	EMPIRIKAL-2: Efficacy of MirococePt In Reducing delayed graft function In the Kidney ALlograft	Fayyad Jaradat
MP024	Unravelling the role of host ion channels in BK Polyomavirus (BKPyV) infection	Gemma Swinscoe

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

THURSDAY 13 MARCH – 16:20

Prog. No	Title	Presenting Author
MP025	Long-term outcomes of paediatric kidney transplants from DCD donors are comparable to those from DBD donors: a 33-year Comparative OPTN study	Alicia Paessler
MP026	The impact of donation after circulatory death (DCD) donation on liver allograft survival is influenced by donor race: An UNOS registry analysis	Afolarin Otunla
MP027	Lactate concentrations during normothermic ex-situ heart perfusion do not correlate with primary graft dysfunction after DCD heart transplantation	Sri Aurovind
MP028	Inter-rater variation in visual quality assessments of donated livers and kidneys among consultant and trainee transplant surgeons	Georgios Kourounis
MP029	Experience of Hypothermic Oxygenated Machine Perfusion for liver transplantation and Ex-vivo liver resection	Bhargava Chikkala
MP030	Observations from discarded livers after Normothermic machine perfusion. Can we improve graft utilisation?	Satheesh Iype
MP031	Celebrating Diversity - Commonwealth Tribute to Life	Sabina Hardman
MP032	A pilot 'Physiotherapist in organ donation' (POD) role to improve staff confidence in the respiratory management of patients on the organ donation pathway	Stefka Taneva
MP033	A nursing perspective on Enhanced Recovery after Surgery (ERAS). Focusing on the implementation of ERAS in renal transplantation in the United Kingdom (UK)	Jessica Stockley
MP034	Enhancing transplant education: a trainee-led initiative	Hannah Gillespie
MP035	Enhancing anaesthetic management for deceased organ donation: A training programme for anaesthetists in training	Kamal Berechid
MP036	Supporting trainee representatives in organ donation (TRODs): an educational perspective	Jill Featherstone

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending

MP037	Why Families Say Yes: A single centre, five-year perspective on Minority Ethnicity Organ Donation	Liam Watson
MP038	Self-reported immunosuppression medication adherence predicts eGFR at 12 months in kidney transplant recipients: a single centre cohort study	Rosie Heape
MP039	Alcohol-Induced or Genetic Liver Disease; Does Stigmatisation Impact Organ Donation Willingness?	Spoorthi Phanish
MP040	Donation in Special Circumstances – Caring for potential organ donors when pregnancy is a consideration	Joanna Chalker
MP041	Developing and evaluating an organ donation outcome feedback mechanism for pre-hospital critical care providers	Chloe Riley
MP042	Psychosocial outcomes in kidney transplant recipients	Gabriela John
MP043	NHS Blood and Transplant experience of responding to “bespoke” tissue requests	Francesca Stevens
MP044	Propensity Matched Review of the Use of Adenosine Bolus Together With a Novel Technique of Implantation for Orthotopic Heart Transplantation (OHT) on 30 Day Outcomes	Karim Morcos
MP045	Improving Corneal Donation rates in a Level 3 Trust	Kathryn Somers
MP046	Eye donation in Palliative and Hospice Care settings: implementing a service improvement aimed at increasing choice patients at end of life	Christopher Greaves-Thomas
MP047	Eravacycline as a rescue therapy for Carbapenem-resistant Gram-negative Bacterial Pneumonia in the early post-lung transplantation period	Dong Liu
MP048	Utilisation of extended criteria lungs requiring frozen section prior to transplantation. A single case report	Daniel White

This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational. | CPD Pending
