

# **BTS Congress 2026**

## **Advancing Diversity - Promoting Equity**

Venue Cymru, Llandudno | Tuesday 3rd - Friday 6th March 2026

---

This meeting has been sponsored with funding contributing towards room hire, exhibition stand space and some meeting subsistence only; sponsors have had no input into the educational content of the meeting, unless where stated.

'BTS Congress 2026' has been approved by the Federation of the Royal Colleges of Physicians of the United Kingdom for 15 category 1 (external) CPD credit(s). Full conditions of approval are listed in the guidelines. 'Postgraduate and Nursing Masterclass' has been approved by the Federation of the Royal Colleges of Physicians of the United Kingdom for 5 category 1 (external) CPD credit(s).

This programme is subject to change at the Congress Organisers' discretion.

## Tuesday 3rd March | Venue Cymru

TIME	ITEM	
10:00 - 12:00	BTS Executive Meeting – Llandudno Bay Hotel	
13:00 - 17:00	BTS Council Meeting – The Imperial Hotel	
13:30 - 18:00	<b>Postgraduate Masterclass</b> <i>Organisers: Clare Pattenden, Herrick and BTPT Chairs</i>	<b>Nursing and AHP Masterclass</b> <i>Organisers: The BTS Chapter of Nurses and AHPs</i>
	Alwen Room	Ogwen Room
	<p>13:30 Registration</p> <p>13:45 Welcome Address – <b>Clare Pattenden</b></p> <p>13:55 A Day in the Life – <b>Jack Galliford</b></p> <p>14:25 Self-care and tools for wellbeing – <b>Harriet Saxton</b></p> <p>15:15 Coffee break</p> <p>15:30 How to write, read and succeed in SBA's – <b>Rachel Westacott</b></p> <p>16:00 Sinister Training: winning on the spiral staircase – <b>Barney Stephenson</b></p> <p>16:15 "Is it time to try a different tac?" promotional product presentation by Chiesi Limited – <b>Anel Van Der Schyff</b></p> <p>16:25 National Selection: Pitfalls and Windfalls – <b>Clare Pattenden</b></p> <p>17:00 CESR: Top Tips – <b>Sarah Addison</b></p> <p>17:30 Q&amp;A</p> <p>17:45 Wrap and close</p>	<p>13:30 Registration</p> <p>14:00 Welcome Address – <b>Lucy Dames &amp; Katie Morley</b></p> <p>14:30 The lived experience of vicarious trauma in specialist nurses facilitating organ donation, and how does it affect their wellbeing – <b>Sharon Johnson</b></p> <p>15:00 ARC Project Update – <b>Speaker to be announced</b></p> <p>15:30 Unconscious bias and cultural awareness – <b>Gayatri Nambiar-Greenwood</b></p> <p>16:00 <b>Greenwood</b></p> <p>17:50 Wrap and close</p> <p><i>The BTS Nursing and AHP Masterclass has been supported by the National Trust. Registered delegates of the Nursing and AHP masterclass will receive National Trust family day passes, reflecting our shared belief in the power of green spaces, walking, and time outdoors to support mental health and wellbeing. We encourage delegates to make use of these passes and enjoy time in nature with family and friends.</i></p>
	 <p><i>Promotional Product Presentation by Chiesi Ltd. Chiesi representatives will be present.</i></p>	
18:00 - 19:00	Masterclass Drinks Reception   Crafnant Room	
19:30 - 22:00	Presidents Dinner   Dylan's Llandudno (By invitation only)	

Wednesday 4th March   Venue Cymru	
TIME	SESSION/LOCATION
08:00 - 08:45	BTS Promenade 5k Run Supporting St David's Hospice, Llandudno. To sign up: <a href="#">BTS Congress Fun Run 2026</a>
10:00 - 11:00	Registration and morning coffee <b>Auditorium</b>
11:00 - 11:15	Congress Welcome <b>Richard Baker &amp; Rhys Meirion</b>
11:15 - 12:20	<b>Opening plenary: Diversity in transplantation – an appraisal</b> <b>Chairs:</b> Richard Baker & Sapna Shah  Equity in healthcare – challenges and successes – <b>Mumtaz Patel</b> Equitable access to transplantation – <b>Corinne Antoine</b> Access to donation – <b>Dale Gardiner &amp; Winnie Andango</b>
12:20 - 13:05	Real-World Evaluation of an in-house dd-cfDNA Assay <i>Industry sponsored symposium</i> <b>Chair:</b> Geoff Bien  <b>Ailish Nimmo</b> <b>Nick Ioannou</b>
13:05 - 14:10	Lunch   Exhibition Hall   Arena
13:30 - 14:10	BTS Annual General Meeting 2026 <i>This session is available to BTS Members only.</i>
	<b>Auditorium</b>
14:15 - 15:00	<b>Keynote presentation: Opt-in / opt-out: What now? - Baroness Finlay of Llandaff</b> <b>Chairs:</b> Nicholas Torpey & Rommel Ramanan
15:00 - 16:10	<b>6 of the Best: Oral presentations</b> <b>Chairs:</b> Nicholas Torpey & Menna Clatworthy  <b>O01:</b> Machine perfusion modulates cold preservation injury in kidney transplantation: IDEAL stage 4 OPTN population cohort study – <b>Dharesh Raj Amarnath</b> <b>O02:</b> Ischaemic times and outcomes in DCD liver transplantation with or without NRP – <b>Chris Watson</b> <b>O03:</b> Incidence of cancers targeted by national screening programmes after solid organ transplantation in England: The EpCOT study – <b>Charlotte Stephens</b> <b>O04:</b> Investigating the effects of Felzartamab treatment on peripheral blood transcriptomes in patients with chronic antibody-mediated rejection – <b>Sylvia Ling</b> <b>O06:</b> A phase I single-centre randomised clinical trial of cytokine adsorption therapy during kidney normothermic machine perfusion – <b>Maithili Mehta</b>

	<b>O07:</b> Anxiety and depression are associated with medication non-adherence and 12-month ISM blood level targets in kidney transplant recipients: a single centre cohort study – <b>Rosie Heape</b>
16:10 - 16:45	Refreshment break   Exhibition Hall   Arena

	Auditorium	Hall	Studio
16:45 - 18:00	<p><b>Kidney transplantation: Beyond the guidelines</b> <i>Chairs: Sapna Shah &amp; Arpita Ray Chaudhury</i></p> <p><b>Debate:</b> This house believes there is no longer a role for bariatric procedures in the management of people with obesity being considered for a kidney transplant FOR: <b>John Wilding</b> AGAINST: <b>Francesco Rubino</b></p> <p>Navigating the waters of prostate cancer - getting older men transplanted – <b>Jonathon Olsburgh</b></p> <p>Assessing and improving frailty in kidney transplant candidates – <b>Ruth Fergie</b></p>	<p><b>Basic Science</b> <i>Chair: Sarah Hosgood &amp; Sian Griffin</i></p> <p>The current status of normothermic machine perfusion and potential of ARCs – <b>Michael Nicholson</b></p> <p>Novel methods of assessment – Transcriptomic signature during liver NMP – <b>Julia Hofmann</b></p> <p>Regenerative therapies in kidney transplantation – <b>Sara Deffrennes</b></p> <p>Panel discussion and closing remarks</p>	<p><b>Cardiothoracic transplantation: Building bridges in the ITU: A joint symposium between BTS and Association of Cardiothoracic Transplant Intensivists (ACTTI)</b> <i>Chairs: Marius Berman &amp; Clara Hernandez-Caballero</i></p> <p>Cardiothoracic transplantation in the UK – <b>Sally Rushton</b></p> <p>Indications and patient selection for ECMO bridge to lung transplantation – <b>Henning Pauli</b></p> <p>Patients in cardiogenic shock - Indications and selection for mechanical bridge to heart transplantation – <b>Maria Monteagudo-Vela</b></p> <p>Minimising complications of mechanical support in cardiothoracic transplant candidates – <b>Tim Hayes</b></p> <p>Panel Discussion: How do we ensure equity of access to cardiothoracic transplantation? – <b>Maria Monteagudo-Vela, Sai Bhagra, Amit Adlakha, Clara Hernandez-Cabellero</b></p>
18:00 - 19:45	Welcome Reception, Performance & Poster Viewing   Exhibition Hall   Arena		

# Thursday 5th March | Venue Cymru

SESSION/LOCATION			
Time	Auditorium	Hall	Studio
08:00	Registration and morning coffee		
08:30 - 09:45	<p><b>Kidney transplant Clinicopathological Correlation (CPC) scenarios</b></p> <p>Three interactive case discussions focused on challenging clinical scenarios.</p> <p>Recurrent steroid-resistant rejection – <b>Menna Clatworthy, Anna Paterson</b></p> <p>Recurrent disease – <b>Catherine Horsfield</b></p> <p>Infection or rejection? – <b>Michelle Willicombe, Candice Roufosse</b></p> <p>Panel members: <b>Menna Clatworthy, Michelle Willicombe, Candice Roufosse, Catherine Horsfield, Anna Paterson</b></p>	<p><b>Calne Williams Medal presentations</b> <i>Chairs: Douglas Thorburn &amp; Rebeca Mateos</i> <b>Judging Panel: Shahid Farid, Joerg- Matthias Pollok</b></p> <p><b>CW1:</b> Clinical features and long-term outcomes of patients with complete immunosuppression withdrawal after liver transplantation: a multicentre, worldwide study – <b>Bruno Sensi</b></p> <p><b>CW2:</b> The role of the complement system in mediating ischaemic cholangiopathy in DCD liver transplantation – <b>Balaji Mahendran</b></p> <p><b>CW3:</b> Modern-era improvements in high-risk liver transplantation: A national UNOS analysis – <b>Abdullah K. Malik</b></p> <p><b>CW4:</b> Rapamycin-eluting bioengineered bile ducts are resistant to fibrosis – <b>Teresa Brevini</b></p> <p><b>CW5:</b> Post-transplant cancer risk and survival after liver transplantation: the EpCOT Study – <b>Charlotte Stephens</b></p> <p><b>CW6:</b> Suspension on the UK liver transplant waiting list: Consequences for access, waitlist mortality and post-transplant survival – <b>Abdullah K. Malik</b></p>	<p><b>Basic Science oral presentations</b> <i>Chairs: Sunil Daga &amp; Sarah Hosgood</i></p> <p><b>O08:</b> Distinct peripheral T cell signatures associated with xenograft outcomes in genetically engineered (2GE vs. 10GE) pig-to-nonhuman primate kidney transplantation – <b>Roy Zhang</b></p> <p><b>O09:</b> Spatial transcriptomics delineates distinct and common molecular features of allograft rejection sub-types – <b>Joshua Wade</b></p> <p><b>O10:</b> Investigating necroptosis in human kidneys during acellular vs red blood cell-based ex vivo sub-normothermic perfusion – <b>Raj Sharma</b></p> <p><b>O12:</b> The role of kidney-resident Natural Killer cells in the control of human cytomegalovirus within the renal allograft – <b>Harry Persaud</b></p> <p><b>O13:</b> High-definition spatial transcriptomic analysis of islet transplant induced liver injury reveals pathways to support islet engraftment – <b>Daniel Doherty</b></p> <p><b>O14:</b> IL-6/JAK/STAT3 signalling promotes Ischaemia-Reperfusion-Induced Renal Allograft Fibrosis – <b>Wenrui Lei</b></p>
09:45 - 10:15	Refreshment break   Exhibition Hall   Arena		
	Auditorium	Hall	
10:20 - 12:20	<p><b>Medawar Medal presentations</b> <i>Chairs: Richard Baker &amp; Nicholas Torpey</i></p> <p><b>Judging panel: Science:</b> Andrew Sutherland, Reza Motallebzadeh, Julia Hofmann, Alan Salama. <b>Clinical:</b> Colin Wilson, Corrine Antoine, Rommel Ramanan, Sian Griffin</p> <p><b>M1:</b> Metabolomic profiling of pancreas grafts preserved by oxygenated hypothermic machine perfusion – <b>Mohamed Elzawahry</b></p> <p><b>M2:</b> Does pre-donation cardiac arrest affect post-transplant outcomes in kidney transplantation: An NHSBT registry data analysis – <b>Zaid al-Amiedy</b></p> <p><b>M3:</b> Age modifies immune readiness but not rejection biology: A proteomic analysis of chronic antibody-mediated rejection in kidney transplant recipients – <b>Michael Corr</b></p> <p><b>M4:</b> Automated and continuous transition from hypothermic to normothermic machine perfusion minimises hepatocellular injury in circulatory death porcine livers and restores function in very high-risk human livers – <b>Hatem Sadik</b></p>	<p><b>Nursing and AHP Awards presentations</b> <i>Chairs: Stephen Bond &amp; Alison Smith</i></p> <p><b>O15:</b> What happens to obese potential living kidney donors who lose weight and donate? – <b>Caroline Basarab-Horwath</b></p> <p><b>O16:</b> National variation in kidney offer decision-making processes across UK transplant centres – <b>Emma McGuire &amp; Trudi Bennett</b></p> <p><b>O17:</b> Mind the gap: Life after liver transplant – <b>Katie Ellams</b></p> <p><b>O18:</b> Honouring first person consent in organ donation: Communication challenges in a conscious patient – <b>Becky Nicholls &amp; Astha Singh</b></p> <p><b>O19:</b> NURTURE: Identifying missed tissue donation referrals and implementing targeted ward-based interventions to improve end-of-life donation practice – <b>Marco Arrighi</b></p> <p><b>O20:</b> Obesity and kidney transplantation: Evidence of inconsistent transplant listing criteria across UK transplant and kidney centres – <b>Adrian Brown</b></p> <p><b>O21:</b> The hidden leak in opt-in consent: A call to eliminate preventable overrides – <b>Lucy Dames</b></p>	

	<p><b>M5:</b> Therapeutic modulation of Stromal Hyaluronan (HA) Matrices: A novel strategy to prevent Ischaemia Reperfusion Injury (IRI) induced kidney fibrosis – <b>Aeliya Zaidi</b></p> <p><b>M6:</b> Travel window prioritisation to reduce donor organ travel burden and preserve equity in transplantation: A UK geospatial modelling study – <b>Katie Connor</b></p> <p><b>M7:</b> Characterisation of novel candidates for a universal blood group A and B cleaving enzyme for universal donor organs – <b>Serena MacMillan</b></p> <p><b>M8:</b> Persistent disparities in deceased organ donation among racial and ethnic minorities: Insights from updated UNOS and NHSBT data (2015–2025) – <b>Devanshu Aggarwal</b></p>	<p><b>O22:</b> Improving the sustainability of renal transplant waiting list surveillance bloods – <b>Laura Kirk</b></p>	
12:25 - 13:20	Lunch   Exhibition Hall   Arena		
	Auditorium		
13:25 - 14:10	<p>Latest Clinical Experience with Idefirix®▼ (imlifidase)-Enabled Kidney Transplants in UK <i>Industry sponsored symposium</i> <b>Chair:</b> Kathryn Wood</p> <p>Latest experience at Leicester: The H &amp; I perspective – <b>Clare Collins</b> The Nephrologist's/surgeon's perspective – <b>Atul Bagul</b></p>		
	Auditorium	Hall	Studio
14:15 - 15:30	<p><b>Bad bladders – benign and malignant</b> <b>Chairs:</b> Rhana Zakri &amp; Jonathon Olsburgh</p> <p>Transplanting patients with unsafe bladders – <b>Ming He &amp; Jonathon Olsburgh</b></p> <p>BK virus and urothelial cancer – <b>Rhana Zakri &amp; Matt Welberry-Smith</b></p> <p>Post-transplant urine infections: Urinary tract vaccines: Promise or Reality? – <b>Fiona McCaig &amp; Rhana Zakri</b></p>	<p><b>ISOT – BTS Liver best practice</b> <b>Chairs:</b> Varuna Aluvihare &amp; Lisa Burnapp</p> <p>Welcome and introduction</p> <p>What does the data tell us about access to liver transplantation in the UK? – <b>Rhiannon Taylor</b></p> <p>Delivering equity of access to deceased donor liver transplantation: the Indian experience – <b>Sonal Asthana</b></p> <p>Delivering equity of access to living donor liver transplantation: the UK experience – <b>Derek Manas</b></p> <p><b>Panel discussion:</b> How can we improve diversity of the donor pool for liver transplantation? <i>Shahid Farid, Douglas Thorburn, Sonal Asthana, Naimish Mehta, Derek Manas</i></p>	<p><b>An ABC to doing clinical trials in organ donation and transplantation</b> <b>Chair:</b> James Hunter &amp; Andrew Fisher</p> <p>What's the role of a Chief Investigator – could you be one? – <b>Andrew Fisher</b></p> <p>What's the role of a clinical trials unit – do you need one? – <b>Helen Thomas</b></p> <p>What's the role of patient and public involvement – why do you need it? – <b>Hannah Murray</b></p> <p>Ensuring equity of access to transplant clinical trials – why do we need it? – <b>Adnan Sharif</b></p> <p>Panel Discussion</p>
15:30 - 16:00	<p><b>Chair:</b> Sarah Hosgood &amp; Menna Clatworthy</p> <p><b>Moderated poster presentations</b> MP01, MP02, MP03, MP04, MP05, MP06</p>	<p><b>Chairs:</b> Douglas Thorburn &amp; Shahid Farid</p> <p><b>Moderated poster presentations</b> MP07, MP08, MP09, MP10, MP11, MP12</p>	<p><b>Chairs:</b> Lucy Dames &amp; Chris Callaghan</p> <p><b>Moderated poster presentations</b> MP13, MP14, MP15, MP16, MP17, MP18</p>

16:00 - 16:30	Refreshment Break   Exhibition Hall   Arena		
	Auditorium	Hall	Studio
16:30 - 17:30	<p><b>Environmental sustainability is changing the landscape of transplantation, but what are we doing about it?</b> <i>Chairs: Rosa Montero &amp; Mark Harber</i></p> <p>The impact of climate change on healthcare – climate change, equity and diversity – <b>Mark Harber</b></p> <p>Developing tool kits – LD kidney example as a model for future toolkit development across transplantation – <b>Frances Mortimer</b></p> <p>Environmental sustainability in transplantation – driving change and how you can get involved – <b>Matt Welberry-Smith</b></p> <p>Sustainable operating theatres – <b>John O’Callaghan</b></p> <p>How do we make retrieval services more sustainable? – <b>Marius Berman</b></p>	<p><b>ISOT - BTS: Living Donation – kidney</b> <i>Chairs: Arpita Ray Chaudhury &amp; Lisa Burnapp</i></p> <p><b>Welcome and introduction</b> Improving access to living donor kidney transplantation through kidney exchange programmes</p> <ul style="list-style-type: none"> <li>Indian Perspective: <i>Analysis of kidney and liver exchange transplantation in India (2000–2025): a multicentre, retrospective cohort study</i> – <b>Vivek Kute</b></li> <li>UK Perspective – <b>Jen Lumsdaine</b></li> </ul> <p><b>Panel discussion:</b> How can we level up the diversity of the donor pool in living donor kidney transplantation? <b>Vivek Kute, Jen Lumsdaine, Shafi Malik, Pippa Bailey, Sanjay Kolte</b></p> <p>Closing remarks</p>	 <p><b>BTS Innovation Competition 2026 in partnership with Live Life Give Life and QUOD</b></p> <p><i>Chair: James Hunter</i> <b>Judging Panel:</b> <i>Luke Yates, Rutger Ploeg, Chris Callaghan</i></p> <p>A longitudinal cohort study of urological complications predictable by pre-transplant lower urinary tract symptoms (SCOPE) – <b>Dhruv Sahni</b></p> <p>Developing a tailored public health intervention for NHS staff: London – <b>Natalie Clark</b></p> <p>Investigation into differences in vascular biology of kidney transplant recipients and donors – <b>Isaac Chung</b></p> <p>Inside the pancreas: How diabetes and obesity reshape the organ – <b>Christiana Lekka</b></p> <p>Validation of artificial intelligence (AI) models for macroscopic donor kidney assessment to support transplant utilisation decisions – <b>Sofia Kazerouni</b></p> <p>Are plasma proteomic signatures at retrieval associated with early graft dysfunction in high risk deceased donor kidneys? – <b>Michael Corr</b></p>
	Auditorium		
17:30 - 18:20	<p><b>NHSBT Statistics</b> <i>Chairs: Derek Manas &amp; Rachel Johnson</i></p> <p>Overview of organ donation and transplantation – <b>Lisa Mumford</b> Organ donation, consent, and public attitude – <b>Susanna Madden</b> Ethnicity differences in organ donation and transplantation – <b>Rachel Johnson</b> An analysis of kidney offer acceptance: Centre differences and associated factors – <b>Shaminie Shanmugaranjan</b> Maximising inclusion in clinical trials – <b>Helen Thomas</b></p>		
18:20	Congress closes		
19:30 - 0:00	Gala dinner – a night beside the seaside, beside the sea		

# Friday 6th March – Venue Cymru

TIME	ITEM		
08:15	Registration and morning coffee		
	Auditorium	Hall	Studio
08:45 - 10:00	<p><b>Free communications: Oral presentations</b>  <b>Chairs:</b> <i>Rommel Ramanan &amp; Caroline Dudreilh</i></p> <p><b>O23:</b> Post transplant lymphoproliferative disease after solid organ transplantation in England: The EpCOT study – <b>Charlotte Stephens</b></p> <p><b>O24:</b> Investigating the role of Apolipoprotein L1 (APOL1) on immunity and kidney transplant outcomes - <b>Amy Needleman</b></p> <p><b>O26:</b> Economic Analysis of Racial and Geographic Disparities in U.S. Kidney Transplantation Policy: The Hidden Costs of Inequity - <b>Hemant Sharma</b></p> <p><b>O25:</b> Individualised Torque Teno Virus trajectories predict rejection and opportunistic infection early after kidney transplantation: Results from the TTV Biomarker of Immunosuppression Study – <b>Ramyangshu Chakraborty</b></p> <p><b>O27:</b> The Cascade Effect in NHSBT Organ Allocation: Mathematical Modelling and Mitigation Through Parallel Offering with Rank Transparency – <b>Hemant Sharma</b></p> <p><b>O29:</b> Pregnancy without post-partum HLA sensitisation benefits kidney transplant outcomes – <b>Amina Shibu</b></p> <p><b>O30:</b> Donor factors influencing pancreas transplant utilisation decisions; using US registry data to model evolution in decision-making over time – <b>Chahana Patel</b></p>	<p><b>The hidden inequities in transplant training: Time for change</b>  <b>Chairs:</b> <i>Simon Knight &amp; Irum Amin</i></p> <p>Equity in transplantation: The trainees view  Abdominal: Including results of a trainee survey – <b>Subhankar Paul</b>  CT: <b>Aravinda Page</b>  SAS: <b>Tahawar Rana</b></p> <p>Debate: This house believes there is equity/diversity in Transplantation surgical training  For: <b>Charlie Brown</b>  Against: <b>Zeeshan Akhtar</b></p> <p>Panel Discussion: <b>Subhankar Paul, Tahawar Rana, Aravinda Page, Muhammed Mohamedmydin, Simon Knight, Rachel Thomas, Zeeshan Akhtar</b></p>	<p><b>Transplant anaesthesia and perioperative care: Pushing the boundaries</b>  <b>Chairs:</b> <i>Nicoletta Fossati</i></p> <p>MDT for marginal recipients – <b>Shivanand Chavan</b>  CPET versus 6MWT in renal transplantation – <b>Andris Klucniks</b>  Futility of cardiac investigations in asymptomatic transplant patients – <b>Adnan Sharif</b>  Frailty in the potential transplant recipient – <b>Edward Sharples</b></p> <p>Q&amp;A  Closing remarks</p>
10:00 - 10:30	Refreshment Break   Exhibition Hall   Arena		
	Auditorium		
10:30 - 11:15	<p>Optimizing Post-transplant Outcomes: Preservation Matters  <i>Industry sponsored symposium</i></p> <p>The Latest Data on Donor Lung Preservation – <b>Annalisa Barbarossa</b>  The Latest Data on Donor Heart Preservation for more than 5 hours – <b>Christian Muñoz Guijosa</b></p>		

11:15 - 12:25	<b>Toxic work cultures in transplantation: Recognise, reflect, reform</b> <b>Chairs:</b> Adnan Sharif & Rebeca Sanabria Mateos  Recognizing Toxicity in Transplantation Teams – <b>Ros Searle</b> Multidisciplinary Perspectives Panel: Voices from the Field – <b>Varuna Aluvihare, Subhankar Paul, Lucy Dames</b> Tools and Strategies for Cultural Change – <b>Ros Searle</b> Close session and signposting of resources		
12:25 - 13:00	<b>Chairs:</b> Adnan Sharif & Subhankar Paul  <b>Moderated poster presentations</b> MP19, MP20, MP21, MP22, MP23	<b>Chairs:</b> Nicholas Torpey & Vikram Bains  <b>Moderated poster presentations</b> MP25, MP27, MP28, MP29, MP30	<b>Chairs:</b> Jas Parmar & Marius Berman  <b>Moderated poster presentations</b> MP31, MP32, MP33, MP34, MP35, MP36
13:00 - 13:30	Refreshment Break   Exhibition Hall   Arena		
	Auditorium	Hall	Studio
13:30 - 14:30	<b>Low volume – high impact transplantation</b> <b>Chairs:</b> Richard Baker & Clare Pattenden  Twelve years after the first UK hand transplant: the service grows up! – <b>Simon Kay</b>  Uterine transplantation – <b>Isabel Quiroga &amp; Richard Smith</b>  Multivisceral transplantation – <b>Irum Amin</b>	<b>Free communications – Oral presentations</b> <b>Chairs:</b> Aimen Amer & Marius Berman  From concept to practice: Methodology and implementation of the SIGNET Study – <b>John Dark &amp; Dan Harvey</b>  <b>O28:</b> Unseen Signals: Decoding systemic inequities through missing data in transplant registries – <b>Hemant Sharma</b> <b>O31:</b> Machine perfusion for deceased donor kidney transplantation: network meta-analysis of the Cochrane review – <b>Dharesh Raj Amarnath</b> <b>O32:</b> Cost-effectiveness analysis of normothermic machine perfusion (OrganOx metra) versus static cold storage in the United Kingdom – <b>Chris Watson</b> <b>O33:</b> Economic cost of organ suboptimal utilization: NHS cost analysis of retrieved-not-transplanted organs – <b>Hemant Sharma</b> <b>O34:</b> An educational tool to assist renal transplant trainees develop from introduction to independence – <b>Charlotte Brown</b>	<b>Dragons’ Den</b> <b>Chairs:</b> Mohamed Elzawahry & Vikram Bains  <b>Dragons:</b> Caroline Dudreuilh, Helen Thomas, Adrienne Seitz, Rommel Ravanan, Rachel Thomas  <b>DD1:</b> A longitudinal cohort study of urological complications predictable by pre-transplant lower urinary tract symptoms (SCOPE) – <b>Dhruv Satya Sahni</b> <b>DD2:</b> Characterising peri-transplant glycaemic dynamics and the predictability of new-onset diabetes after kidney transplant using continuous glucose monitoring: A prospective study – <b>Khaled Oweidat</b> <b>DD3:</b> A centralised database to track outcomes in highly sensitised patients – <b>Fatima Malik</b> <b>DD4:</b> Ask heart questions – <b>Aaron Koshy</b>
14:30 - 15:10	<b>Keynote: Hoffenberg Memorial Lecture</b> <b>Chairs:</b> Michael Ramage & Richard Baker  When no one decides: Moral responsibility in transplant listing and allocation – <b>Gabriel Oniscu</b>		
15:10	Congress closing remarks		

## Moderated Posters | Thursday 5<sup>th</sup> March | 15:30

MP01	Safety run outcomes of Mirococept (APT070), a complement-targeting ex-vivo kidney perfusion therapy and progression to a phase IIa randomised trial	Chrysanthos D Christou
MP02	BK Polyomavirus After Kidney Transplant: Linking Viral Kinetics to Allo-immunity and Graft Survival	Chameera Bandara
MP03	A feasibility study of kidney transplantation following uncontrolled donation after circulatory death – one year experience and preliminary results	Dominic Summers
MP04	Is Intravascular Lithotripsy to Facilitate Renal Transplantation an Earth-Shattering Advance? A Case Series	David Kingsmore
MP05	Do transplanted kidney pairs that score poorly on pre-implantation biopsy have worse outcomes than matched controls? A Pithia trial follow-up case-control study	Maithili Mehta
MP06	Preservation Solution and Pancreas Graft Outcomes: A UNOS Registry Analysis of Histidine-Tryptophan-Ketoglutarate Versus University of Wisconsin Solution	Mohamed Elzawahry
MP07	Extended hypothermic machine perfusion (HOPE) - a safe method to facilitate prolonged ex-situ preservation of DCD liver grafts.	Janske Reiling
MP08	Changing incidence of unexpected perihilar cholangiocarcinomas in liver explants – a multi-centre ten-year review	Anna Paterson
MP09	"Challenging Conventional Contraindications: Propensity-Matched Kaplan-Meier Analysis Demonstrating Equivalent Long-Term Survival in MELD >40 versus MELD ≤40 Living-Donor Liver Transplant Recipients"	Hemant Sharma
MP10	Deceased donor liver procurement and preservation techniques, what is cost effective? A systematic review	Daniel Cox
MP11	Developing living donor liver transplantation: the UK approach	Lisa Burnapp
MP12	Advancing Abdominal Normothermic Regional Perfusion (ANRP): From Service Evaluation to National Rollout	Debbie Macklam
MP13	The Role of Sentinel Skin Flaps as Predictors of Rejection in Solid Organ and Vascularised Composite Allograft Transplantation: A Systematic Review	Andrew R Prigg
MP14	Donor family thoughts about solid organ and tissue research: results from a sample survey of the Donor Family Network	Jim Fallow
MP15	Transplant Pharmacist role in Preoperative Assessment of Living Donor Kidney Transplant Recipients and Donors	Andrea Devaney
MP16	Arteriovenous Fistula Management Following Successful Kidney Transplantation: A Review of Current Practice	Chameera Bandara
MP17	Revisiting the UK DCD Risk Score in the Era of Hypothermic Machine Perfusion: A Single-Centre Experience	Pablo Arteaga-Asensio
MP18	Ransomware Crisis to Recovery: Global Lessons from the Information Technology Outage and Its Impact on Liver Transplant Services	Bruno Sensi

## Moderated Posters | Friday 6<sup>th</sup> March | 12:25

MP19	Capturing patients' perspectives of healthcare - Development and validation of a novel Patient-Reported Experience Measure (PREM) for kidney transplantation	Rebeka Jenkins
MP20	Identifying Myths in Organ Donation: Development and Evaluation of an AI-Assisted Content Analysis Pipeline	Dalal Saeed

MP21	Factors Affecting Decision Regret following Renal Transplantation	Daniel Knowles
MP22	Visibility Bias in Transplant Equity Reporting: A Decadal Analysis of NHSBT Annual Kidney Reports	Hemant Sharma
MP23	Paternalistic approaches to care in Intensive Care and its potential effects on securing consent for organ donation	Brian Tierney
MP25	Management of immunosuppression in failing kidney allografts: a systematic review of current practices and outcomes	Farhan Ahmad
MP27	Hidden Inequities in Kidney Transplantation: A Decade of Structural Disparities, Geographic Lottery, and Systemic Inefficiencies. A Critical Analysis of OPTN/SRTR Data.	Hemant Sharma
MP28	The impact of perioperative adverse events on kidney transplant surgeons: A qualitative study	Karen Stevenson
MP29	Decision regret after kidney transplantation: prevalence, predictors, and the impact of post-transplant healthcare utilisation	Stephen Knight
MP30	Clinical presentation, management and outcomes of post-transplant lymphoproliferative disorder at a large UK transplant centre	Kian Emami
MP31	From Joint Innovation Funding to National Success: Overcoming Workforce Challenges in DCD Heart Retrieval	Sarah Beale
MP32	Impact of SGLT2 Inhibitors on Blood Pressure and Glycemic Control in Heart Transplant Recipients: A Systematic Review and Meta-Analysis	Iman Ali
MP33	Congenital vs Non Congenital – A single centre analysis of declining donor hearts	Aaron Koshy
MP34	Post-Transplant Survival and Outcomes Following Normothermic Regional Perfusion Versus Direct Procurement for DCD Heart Transplantation: A Systematic Review and Meta-Analysis	Muhammad Raza Sarfraz
MP35	Shadow Modelling of Planned Arrival Windows for National Organ Retrieval Services: Insights from the SCORE Programme	Sarah Beale
MP36	Does physiotherapy improve lung optimisation rates in organ transplantation: A retrospective observational cohort study.	Lucy Cawtheray
